

**CHIARA BRAMBILLA**  
**BUSINESS DEVELOPMENT MANAGER**  
**EUROPE**

I have always been a great traveler already from my childhood and this is one of the reason why I choose to work in the tourism field. Having said this, once you start working in the tourism, and you are very curious , you develop a great passion for this job and you want to know something new any day of your life.

This happened to me once I left my first job in IBM and started to work in my family's travel agency in Milan ...in 1981!!

At the beginning it was not easy as this is not a job you can learn at school but I did my best and after some years we grew up very well and developed our business. In the mean time I went to the University (University Degree in Languages and Modern Literature) I became Technical Director of Travel Agency and Groups Tour Leader.

I strongly believe in the cooperation and networking so I have been engaged for 5 years in the Board of Directors of Lufthansa City Center Italy another very interesting experience ...we have been working together very hard but we also learned a lot from each other and our agencies developed a great skill and professional knowledge.

In 2005 I decided for a change. I knew Carnival Cruise Lines already very well as I organized on board wonderful incentive for my Business Travel customers and once Carnival was looking for an expert trade figure I got in touch with them becoming Business Development Manager for Italy and Malta first then after 4 years I took the responsibility also of the European markets.

And now I will be coming to Romania and it will be a great pleasure for me to get in touch with all of you travel agents in Brasov. I hope you will improve your knowledge about Carnival during the time we will spend together and I would love to know and learn from you about your market.

Warm regards and see you early

Chiara Brambilla
