This tour combines three discrete activities into one exciting and delicious expedition.

Your tour starts as you board your motor coach and enjoy a narrated tour of Ketchikan en route to **Clover Pass Resort**, the oldest continuously operated fishing resort in the State of Alaska. At Clover Pass you'll meet your crew, who will get you properly outfitted for comfort. Board the **adventure boat** and head out in search of excitement.

Your first stop will be a nearby **active eagle's nest**. Learn about 'America's bird' and look for hatchlings in the nest.

Your captain will navigate his way through bays and inlets while the narrator offers insights into the land, air and sea. Learn about the timber industry, how it shaped the development of Alaska, and get a feeling for life on the island.

Venture past the **Back Island Naval Testing Facility** -- home to some of the most sensitive ears on the planet. Learn about their work on cruise ships and Navy Vessels, including nuclear submarines.

Keep your eyes open for wildlife as porpoises and seals are frequent visitors along the tour route. During May and September, whales are often sighted inside Clover Passage.

Your final stop is at **Silver king Lodge**, located in the heart of **Grant Island State Marine Park**. At this working fishing lodge you'll check out the day's catch as fishermen make their way back from a day on the water. Walk the elevated boardwalk into the heart of the rain forest for an up-close look at the flora and fauna of Southeast Alaska, and take your picture next to the largest known red cedar in the **Tongass National Forest**.

Finish off your tour under the covered gazebo as you dine on a delectable **seafood** meal of crab, shrimp, clams, mussels, potatoes, onions, garlic, corn, and sausage -- all cooked in one delicious pot and served piping hot at your table. Top off your meal with dessert, if you still have room.

Use your last few minutes to take photos, grab a souvenir from the gift shop, or soak up the atmosphere around the lodge before heading back to Clover Pass Resort and the ship.

Along the way, watch for seals, eagles, whales, birds, porpoise, spawning salmon and perhaps even bears. With quality fishing gear, hone your skills landing rockfish, red snapper, ling cod or even a halibut.

After the time spent fishing, the skiff heads to a wilderness campsite, where a crackling fire awaits in the rain forest of ancient cedars and spruce. Here, you'll enjoy a gourmet meal of your own freshly caught fish served atop a saffron-infused, **bouillabaisse-inspired stew** (no shellfish). This is the experience many anglers dream of when planning an Alaskan vacation, fishing for the largest flatfish in the world, the Pacific Halibut. Imagine catching your first wild halibut with your friends or family and the bragging rights that will come with sharing your experience back home.

Unlike many other Alaska destinations, Ketchikan fishing is in protected waters a short ride from downtown Ketchikan. No matter your skill level, you'll experience halibut fishing like a local, with a halibut rod and Penn reel in your own two hands, working the sandy flats, drifting with the current, jigging in waters as deep as 300 feet.

Spend the day with an experienced Alaskan fishing guide, in pursuit of the elusive halibut, learning the secrets of fishing circle hooks, working the tides and battling your catch.

Fully outfitted and accompanied by an experienced guide, your only job will be to catch the fish – a job that requires a little patience, a steady jigging arm, and perseverance at the reel.

Notes:

Alaska State law requires a valid one-day fishing license, which may be purchased for US \$20 cash from your fishing boat captain. Participants may keep one halibut per person that is over 42 inches and under 80 inches in length. Fish can be shipped anywhere within the United States. Boxed lunch includes a smoked salmon dip, crackers, fruit, and a cookie. Minimum age is 5 years.

This unique tour of the **Misty Fjords National Monument** combines sea and air for a complete Alaskan experience.

Your memorable 3¾-hour journey starts when you board a **luxury catamaran** and speed off into the heart of the Monument -- one of nature's most majestic creations. Marvel as you glide past towering cliffs and astonishing 1,000-foot waterfalls that plunge dramatically into the fjord's emerald waters. The Misty

Fjords are also known as the Yosemite of the North, thanks to its similar geology. The glacial valleys are around 50 to 70 million years old and have been sculpted by rivers of ice that have driven deep U-shaped troughs throughout the landscape.

Along the way, your guide will point out an active eagle's nest, and Punchbowl Cove, home to columnar basalt formations and the colorful **Mossy Wall Bird Rookery**.

You will discover **New Eddystone Rock**, a volcanic plug rising 237 feet from the water, illustrating the dramatic geologic forces that shaped this area six million years ago.

During this superb trip you will be offered an assortment of **snacks and beverages**, while a naturalist provides in-depth commentary on the area's natural history. Stay ever-vigilant as you may see bears, mountain goats, timber wolves, seals, sea lions and killer whales from the comfort of the cabin, or feel the mist on your face on the outside deck.

Once you have arrived at the far reaches of a secluded cove, you will then transfer to an authentic Alaskan **floatplane**. Only from the air can you truly appreciate the magnitude of this 2.3-million-acre national treasure, so prepare to delight in the sensation of soaring for 25 wonderful minutes over pristine wilderness, enjoying unspoiled forest and lakes.

Returning to Ketchikan, your unique aerial view will allow you to enjoy the stunning panoramic views of the city and your ship, before your expert pilot makes a water landing.

Notes:

Occasionally weather may cause the flight portion of this tour to be canceled. In these instances a modified version (roundtrip cruise) of the tour will be offered at a reduced price (with the exception of the ms Westerdam due to the time in port.) Order of flight and cruise may be reversed. Wildlife sightings are likely but are not guaranteed. Not advisable for guests using a wheelchair.

This is a truly Alaskan experience. It features pulling Dungeness crab pots from a wilderness estuary and a crab feast held in a historic cannery building converted to an elegant oceanside lodge.

You will leave downtown Ketchikan and embark on a fully narrated drive following the scenic coastline past a cannery, an old sawmill, totems and waterfalls.

At **George Inlet Lodge**, board a 36-foot enclosed **catamaran**. On your cruise up the fjord, you will pass the old George Inlet Cannery and learn about the fish traps and 'pirates' that plagued the area years ago. View the Mahoney Glacial Cirque, with snow capped mountains and 2,000-foot waterfalls site of an abandoned short-seam silver mine. Below the cirque, the Mahoney River Valley is home to bears, eagles, and salmon that return to spawn annually. Orca whales, sea lions, and seals frequently visit the area in search of the abundant food supply.

Cross the fjord to a remote crab estuary and witness the awe-inspiring grandeur of the Tongass National Forest, the largest temperate rain forest in the world. This isolated cove is home to hundreds of Dungeness crab. Volunteers will assist in **pulling up crab pots** and gain knowledge from a hands-on

opportunity to see the crab up close and learn about their anatomy and life cycle before the crab are set free.

Once the pots are reset, it's back to the warm and inviting George Inlet Lodge, where a delicious Dungeness crab meal awaits you. Relax amid the rustic charm and the Alaskan hospitality of the lodge while you learn about its origins as a cannery bunkhouse. After a quick lesson in the art of crab cracking, you will enjoy the succulent delicacy of this Alaskan favorite with an **all-you-can-eat crab feast**. Your banquet will include a beverage (your choice of Alaskan Amber beer, wine, sodas, coffee or tea), oriental salad, steamed baby red potatoes, Dungeness crab, and a slice of cheesecake smothered in Alaskan blueberries.
