Cabo San Lucas, Mexico

Millennia ago, Cabo San Lucas was part of the Mexican mainland. Then a massive rupture of the San Andreas Fault sent the waters of the Pacific crashing into the newly formed depression, creating the Sea of Cortez and the Baja Peninsula. Lying at the very tip of Baja, where the Pacific meets the Sea of Cortez, Cabo San Lucas - or "Cabo" - is one of the premier resort destinations in the Western Hemisphere. Swim in the transparent waters, marvel at the wealth of marine life, relax on one of the white-sand beaches or try your hand at some of the finest sportfishing in the world.

Note: Your ship will anchor in Cabo San Lucas and use launches to transport all passengers ashore.
