Genoa, Italy (for Milan)

Genoa is the capital of the Province of Genoa and of the region of Liguria. Many regard Genoa as having the largest historic city center in Europe as a result of having been, for centuries, a powerful commercial center seaport and city-state. It was the birthplace of Christopher Columbus and its maritime roots have fostered a dialect that has, absorbed elements of Neapolitan, Calabrese and Portuguese over the centuries.

Genoa's harbor is a bustling swarm of activity, which makes it a great launching point for the sprawling metropolis of Milan.
