Hong Kong, China

Skyscrapers form a glistening forest of steel and glass, junks and sampans ply the busy harbor waters, and the green, dragon-crested hills of Kowloon beckon. Welcome to Hong Kong, one of the world's great travel destinations. Now a semi-autonomous region of China, Hong Kong - literally "Fragrant Harbor" - has lost none of its charm, excitement or exoticism. Modern skyscrapers and luxury hotels climb the slopes of Hong Kong Island. Narrow streets are crammed with noodle vendors, fortunetellers and bonesetters. The endless array of shops offer the visitor everything from hand-tailored suits and ancient porcelain to the latest consumer electronics. And everywhere more than seven million people are moving at a breathtaking pace in one of the world's great monuments to capitalism, commerce and enterprise.

The former Crown Colony has enough attractions to last a lifetime. To take in the entire spectacle, head to Victoria Peak for panoramic views. Enjoy lunch on one of the city's floating restaurants. Walk down one of the crowded streets to take the city's rapid pulse. And whether you think you are in the mood or not - shop. After all, you are in the duty-free capital of the world.
