

MAYREAU, ST. VINCENT GRENADINES

Mayreau: Grenadines Island Escape

ACTIVITY LEVEL: MODERATE

This exclusive sail-away tour will take you through part of the **Grenadines archipelago** experiencing coastlines garlanded with white-sand beaches as you make your way to **Mopion**. Along the way, you will sail past **Palm Island**, a private island is a resort named after the hundreds of coconut palms planted by the original owner over 30 years ago. Continuing on, you will head for Mopion – an islet resembling an atoll in the South Pacific surrounded by a reef lagoon. Upon arrival to Mopion, your mind will be set back decades, as this perfect setting is the antidote for the stresses of everyday life. The crystal-clear waters and white sand are breathtaking – life does not get more ideal than this! On your return, you can enjoy the **Captain's special rum punch**. But watch out as it has a kick!

Please note: Remember your sunblock and beach towels. You may bring along your own snorkel gear from the yacht and you will be taken ashore by small boat as it is illegal to anchor on the reef.
